THE "FLU" SITUATION.
Considering the prevalence of influenza in various portions of the country, and especially in New Orleans and Mobile, Pascagoula has so far been extremely fortunate. From reports made to the city health officer there have been so far this month about twelve positive cases of the disease, with a few others regarded as suspicious. There have doubtless been a few cases also, where a doctor was not called in. The physicians and city officials are keeping a close watch on the situation and will act promptly should the disease appear to be getting beyond control. In the meantime the public is urged to observe all precautions. Travel as little as possible; stay away from sick people and homes where there is sickness until the nature of the illness is positively known; keep out of crowds, especially in ill ventilated rooms or buildings, and MAINTAIN A VOLUNTARY QUARANTINE if you have sickness in your own home until you can be sure it is not influenza. If every citizen will rigidly carry out these suggestions it is believed that influenza here can be held under control.
It would be the part of wisdom for our citizens to refrain from visiting New Orleans, Mobile and other points where influenza is prevalent, except in cases of absolute necessity. There is very little "flu" in Pascagoula at present. Let's keep it that way.

MRS. J. WALTER COX.
The community was shocked at noon Tuesday by the sad death of Mrs. Marie Jane Cox, wife of Mr. J. W. Cox, at the family home on Magnolia street. This most estimable lady had been ill only a short time and her untimely taking away when in the prime of life is truly a misfortune to her loved ones. A dutiful mother, devoted wife and kind neighbor were the attributes of this excellent lady. Mrs. Cox was a native of Pascagoula, eldest daughter of the late Mr. B. J. Jane and Mrs. Almie Krebs Jane. Besides her husband, she is survived by four daughters, Mrs. Geo. E. Belote, Mrs. Jasper Williams and Misses Ethel and Ardenice Cox; three sons, Messrs. Pedro, Edmond and Claude Cox; a sister, Mrs. Adam Gautier, and one brother, Mr. Edmond J. Jane, all of whom reside in this city except Mrs. Belote, who lives in Memphis. She also leaves several grandchildren and numbers of other relatives.
Mrs. Cox was in her fiftieth year. She had resided her entire life in Pascagoula and was a devout member of the Catholic church. The funeral took place Wednesday afternoon at 3:00 o'clock from her late residence, proceeding to Our Lady of Victories church, thence to Pascagoula cemetery for interment. Father B. O'Reilly conducted the funeral services. A large funeral cortege and many beautiful floral offerings attested the esteem in which she was held.

BOY SCOUTS.
This is Boy Scouts Week and all over the United States a drive has been on to double the present membership, which is about 350,000. The Pascagoula company of Boy Scouts has a membership of 26. From present indications the company quota of 32 will be filled out and an additional company organized. A full company is composed of four patrols of eight men each. The Pascagoula organization has been in existence only about one year, but the boys composing it already show the beneficial results of the excellent physical, mental and moral training received. Rev. John Chipman is scout master and Mr. Kahles, assistant scout master.
Wednesday was "Father's Day" and the Scouts gave a little entertainment at the Central School that night, to which the fathers and several friends of the Scouts were invited. At this entertainment the work of the Scouts was exemplified and the teachings and training explained by the patrol leaders of the several troops. At the conclusion ice cream and cake were served by the boys. Friday evening the mothers will also be invited to meet the Scouts at the Central School, where the same program will be carried out.
The moral and physical training of the boys through the agency of the Scouts organization cannot fail to be highly beneficial to them and will result in a better and more efficient manhood in the future. The organization and the individuals thereof should receive the support and encouragement of the parents and all others interested in a better citizenship.

COLLINS-ROS.
Miss Sadie Betelle Collins of Biloxi and Mr. Joseph Miguel Ros of this city were married Wednesday evening at 5 o'clock at the Catholic church of the Nativity, in Biloxi. Rev. Father Alphonsus officiating at the impressive ceremony in the presence of a large number of relatives and friends of the bride couple.
The church was beautifully decorated for the occasion, and the wedding attendants were Miss Brown of New Orleans, a cousin of the bride, as maid of honor, and Mr. Pol Ros, brother of the groom as groomsmen. Following the ceremony at the church, during which the famed Biloxi choir rendered the wedding music and several beautiful selections, a lovely reception was held at the home of Mr. and Mrs. J. T. Collins, parents of the bride, at which the relatives and intimate friends of the bride and groom were guests. Mrs. Ros is a lovely and attractive young woman, who will be a charming addition to the social life of Pascagoula. The groom is the son of Mr. and Mrs. Vincent Ros of this city, a young man who stands high in the estimation of the business and social circles of this community, of sterling character and genial personality, whose many friends welcome his bride first because of her own charm and loveliness, but more particularly for the reason of his own high place in their midst and the splendid prestige of his connections with one of Pascagoula's most prominent and popular families.
For the present Mr. and Mrs. Ros will reside with his parents, Mr. and Mrs. Vincent Ros, on returning from a brief wedding trip to Atlanta and Birmingham, and will later occupy their own home now being constructed. Mr. and Mrs. Vincent Ros, Mr. and Mrs. Louis Blacksher, and Messrs. Nelo, Guy, Ray and Louis Ros and Miss Gladys Lienhard attended the wedding.

GOOD ROADS BILL PASSES IN THE STATE SENATE.
Jackson, Miss., Feb. 12.—The Mississippi Legislature Senate today passed the Roberts Good Roads Bill by a vote of 41 to 2 after several amendments had been adopted.
The Roberts Bill, which to some extent, is designed to supplant the Pate Bill, defeated in the House yesterday, provides for a bond issue of \$25,000,000 for the building of hard surfaced roads throughout the state, to be supplemented by federal aid. Considerable opposition to the measure is expected when it reaches the House.

MISSISSIPPI HIGHWAY IMPROVEMENT ASSOCIATION.

Jackson, Miss., Feb. 9, 1920.
To All Progressive Mississippians:
If it is your desire to perpetuate the greatness of Mississippi, you will write or wire the members of the Legislature from your county to vote and work for the \$25,000,000 bond issue the interest and bond being paid by "Motor Vehicle Tax."
If you want illiteracy to forever pass from our State, you will help to build roads, so that your children and your neighbors' children may attend school and receive the benefits of education.
If you want the social conditions of our State to become such that the boys and girls will not leave the farm for the city then help to BUILD GOOD ROADS, that they may enjoy life and can attend social functions in their community three hundred and sixty-five days a year.
If you want the value of your property increased several hundred per cent, then help to build good roads. Write or wire your members of the State Legislature today telling them what you want them to do.
If you want Mississippi to be equal to her sister states in the South, then insist that your members in the Legislature support this measure for Good Roads, and take advantage of the opportunity now afforded us.
The Federal Government now offers us a chance to participate in the Federal Aid Fund equal to the amount that the State supplies. This opportunity is only afforded us for a limited time. Are we to lose it by our legislators playing peanut politics? No matter whether Mississippi takes advantage of this opportunity or not, we as citizens and taxpayers must do our share to liquidate this Federal Aid Fund. In other words, we will have to pay our share to build roads in some other state that has taken advantage of the opportunity.
Some counties that are richer than others say that they will not assist their poorer neighbors. This is not only selfish, but untrue to fact, for when they help their neighbor they help themselves for good surfaced highways are in their efficiency equal to twenty miles of travel to one on the mud roads and sometimes more than one hundred times as efficient, especially in muddy weather. The farm in rainy weather and during the winter months is a jail.
Let your legislators hear the voice from "back home" and hear so loud that they will take notice and use their best endeavor to "Pull Mississippi Out of the Mud."
Don't wait until tomorrow to write or wire, do it today. Your help is needed to build the future life of our great State.
Write W. T. Pate, the Secretary of Mississippi Highway Improvement Association, what you will do and where your legislators stand in this great movement for the prosperity and development of the resources of our State. Many communities of the State are now in the mud so deep that horses and mules are drowned in the mud. The streets in some towns are so bad that it is impossible to get through them with a load. Does this condition suit you as a progressive Mississippian? If not give a few minutes of your time to assist us.
Sincerely yours,
MISS. HIGHWAY IMP'V'T ASS'N.
